Two Oxford University professors wrote a paper called, "The Future of Employment: How Susceptible are Jobs to Computerization?" In the paper, the professors show that 47% of jobs have a high likelihood of being replaced, automated, or outsourced over the coming years. It's a harsh reminder for us all that making more money or starting a business is now a necessity. In today's economy, with the right idea, it's an amazing time to start a business. Business Ideas offers over one hundred of those starting points designed to thrive during the coming technological age. These ideas are just waiting to be blended with your own expertise, research and work ethic. There is more noise than ever online. In the whirlwind of that noise are two voices. One voice says ideas are worthless while the other voice thinks they're priceless. The hard truth about any business or money making idea is that they're both worthless and priceless at the same time. They're worthless if they're bad ideas, or if you don't take the next step and execute on them. On the other hand, the person who takes an idea, executes, and builds it up has an opportunity to make them priceless. The ideas throughout this book are ready for you to put in the work necessary to make them priceless. I'm willing to bet that if you read these ideas and blend them with your own experience and expertise, you'll find a starting point uniquely suited for you. Business Ideas contains over a hundred ideas in different categories and industries, all of which are poised to expand in the new economy. These industries and categories include: New Media and Content Creation Mobile Advertising Design and Big Data Smart Homes and the Internet of Things RPAS and UAV's Events, Activities, and Meet-ups Consulting, Teaching, and Curation Location Independent Businesses Sales and E-Commerce Robotics and Security Plus way more! Use these ideas and starting points, blend them with your own expertise and experiences, and launch a new venture today!

The concepts in this book won't put you at risk, and they won't be complicated. This book will show you how to make much more money on your own, spend time how you want, build a simple business, and quit your day job. We'll do this without putting you at risk financially and without the complexity many people associate with running a business. Alright--before we move on, let me address the three "buts" I hear most often... BUT starting a small business takes a lot of time, money, and financial risk! America used to be the land of opportunity; now, we have a world of opportunity! Technology has given us all an incredible gift. And yes, launching a small business takes time. But if you do this

properly, you'll pick something you're excited to do! When you are brimming with excitement, you'll have no problem waking up a little earlier. You'll want to chase down your dreams and create a better life for yourself. In this book, you'll learn the tools and processes to make room for greatness. And best of all, I'll show you how to do this so your effort is up front, while your fruits last for years to come. BUT running a business is complicated! Many businesses are complicated. Complex processes, custom systems, layers of human resources, and teams of accountants abound! But who said businesses need to be complex? The best small businesses are simple! This is why I love the term "money machine." It embodies simplicity. This book will help you avoid the complexities and find the simplest path possible. And finally...BUT it takes someone special to stand out, and I'm not special! If you pick up this book, I think there's a good chance you are special. You are striving for more. You're ready to take control. You're ready to level up your life. Most people won't turn their dreams into reality. But I can help. This book will help you uncover your true drive. You will want to pour your passion into this. You will want to out hustle the competition. You will have the tools to stand out. No more BUTS! I've filled this book with exercises to help you find your passion, generate momentum, and stand out from the crowd. The concepts in this book won't put you at risk, and they won't be complicated. So, the only thing you stand to lose is opportunity. People are taking action every day...now it's your turn.

This is the most comprehensive guide on going from business ideas to starting a business because the book is based on research of 300,000 entrepreneurs just like you! Prior to writing the book, I observed the experiences of 300,000 entrepreneurs who used my Problemio

business apps to start a business. I personally talked to and helped over 1,000 entrepreneurs right on the apps or in my business coaching practice. This gave me a great understanding of what entrepreneurs go through. It helped me understand the kinds of problems you will run into as you start your businesses, and how to steer you clear of pitfalls and give you the proper fundamentals to maximize your chances of success. This book will help you by giving you step by step advice on almost every step you must take as you go from business ideas to eventually start your business. In my research, I noted every question entrepreneurs ever asked (my apps allow entrepreneurs to ask me questions) as they were going from business ideas and starting their businesses. I grouped those questions into general topics and subtopics. Those topics and subtopics became the chapters and subchapters of this book. The book starts by covering business idea fundamentals such as: - How to get business ideas - How to protect business ideas, and whether you should protect business ideas - How to determine if a business idea is good - What to do if you have too many business ideas and can't decide which one is best - What next steps to take after you gave a great startup idea The book also teaches you about options to help you protect your business ideas and your intellectual property with: - Trademarks - Patents - Copyrights - Non-disclosure agreements (NDA) - Non-compete agreements After that the book teaches you about business planning and strategy topics such as: - How to write a business plan for your idea - How to incorporate great business strategy into your overall business model - Different revenue streams for your business to help you understand where your business might make the most money After that the book helps you understand how to start the business and covers: - Business registration and when to register a nonprofit and a for profit - How to start your business with solid
