Nicholas - Wikipedia

The history of Russia begins with the histories of the East Slavs. The traditional start-date of specifically Russian history is the establishment of the Rus' state in the north in 862 ruled by Vikings. Staraya Ladoga and Novgorod became the first major cities of the new union of immigrants from Scandinavia with the Slavs and Finno-Ugrians. In 882 Prince Oleg of Novgorod seized Kiev, thereby ...

History of Russia - Wikipedia

In 1894, Nicholas' father died from kidney disease. Nicholas was now the all powerful Tsar of Russia. Since the Tsar needed to be married and produce heirs to the throne, Nicholas quickly married the daughter of a German Archduke named Princess Alexandra. He was officially crowned Tsar of Russia on May 26, 1896.

A History of Modern Russia: From Nicholas II to Vladimir ...

Constitution of May 3 1791, November Uprising, Nicholas I of Russia, Year 1832, February 26, Constitutions, History of Poland, 1830s, Russian Empire, History of Russia, 19th Century, Politics, Modern History, Europe, Earth, Solar System, Milky Way

Now completely revised in this seventh edition, *A History of Russia* covers the entire span of the country's history, from ancient times to the postcommunist present. Featuring a new coauthor, Mark Steinberg, this edition offers extensively updated material based on the most current research, including documents from recently opened archives. Keeping with the hallmark of the text, Riasanovsky and Steinberg examine all aspects of Russia's history--political, international, military, economic, social, and cultural--with a commitment to objectivity, fairness, and balance. This seventh edition contains a wealth of new images and a fully revised bibliography and reading list. Two new chapters on politics, society, and culture since 1991 explore Russia's complex experience after communism and discuss its chances of becoming a more stable and prosperous country in the future. Widely acclaimed as the best one-volume history available, *A History of Russia* is being offered in paperback for the first time. In addition to the one-volume version, it is now also available in two separate volumes--Volume I covers early Russia through the nineteenth century and Volume II ranges from 1855 to the present. Volume II also features an additional introductory chapter that links Russia's modern history to the events that preceded it.

Robert Service here presents a comprehensive overview of 20th-century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic and social ingredients that made up the Soviet compound.

Accessible to students, tourists and general readers alike, this book provides a broad overview of Russian history since the ninth century. Paul Bushkovitch emphasizes the enormous changes in the understanding of Russian history resulting from the end of the Soviet Union in 1991. Since then, new material has come to light on the history of the Soviet era, providing new conceptions of Russia's pre-revolutionary past. The book traces not only the political history of Russia, but also developments in its literature, art and science. Bushkovitch describes well-known cultural figures, such as Chekhov, Tolstoy and Mendeleev, in their institutional and historical contexts. Though the 1917 revolution, the resulting Soviet system and the Cold War were a crucial part of Russian and world history, Bushkovitch presents earlier developments as more than just a prelude to Bolshevik power.

A comprehensive overview of twentieth-century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic and social ingredients that made up the Soviet compound. It takes the reader from the age of communist rule to the changes that occurred in 1991 and the more uncertain world of Yeltsin and Putin.

Russia had an extraordinary twentieth century, undergoing upheaval and transformation. Updating his acclaimed *History of Modern Russia*, Robert Service provides a panoramic perspective on a country whose Soviet past encompassed revolution, civil war, mass terror, and two world wars. He shows how seven decades of communist rule, which penetrated every aspect of Soviet life, continue to influence Russia today. This new edition takes the story from 2002 through the entire presidency of Vladimir Putin to the election of his successor, Dmitri Medvedev.

*Includes pictures *Includes the tsar's quotes about his life and reign *Includes a bibliography for further reading "I am not yet ready to be Tsar. I know nothing of the business of ruling." - Tsar Nicholas II of Russia The 17th century was marked by multiple pro-democratic revolutions exploding in both hemispheres. In Europe and its neighbors to the east, border-changing wars were fought incessantly. In the late 19th and early 20th centuries, the underlying premises of political, governmental and social structures within several European and Asian states were shaken to the core after centuries of royalty and one-family rule. By the onset of World War I, royal families began to experience a long, slow decline, with some quietly fading into the status of national symbols and others experiencing political overthrow. Some were horrified by the suddenness of a changing public, while others barely noticed. In the ensuing chaos brought about by the Great War, the last ruling family in Russia suffered the most brutal form of regime change at the hands of the Bolsheviks following a revolution in 1917, as the public outcry for individual equality mirrored the violence of the French Revolution from a prior century. The Romanov dynasty, which had enjoyed unbroken control over the throne since the early 1600s, represented a dilemma for a dissatisfied and restless workforce that nevertheless viewed the royal family through the lens of an ancient mystique. The modern Romanov saga was rife with intrigue, including the exploits of and mystique surrounding Grigory Rasputin, suspicion directed toward the German roots of Tsarina Alexandra, and fascination with the almost beatified children of the Tsar, their image buoyed by the powerful new medium of photography. When this mystical and fictitious portrait of the beloved ruler and happy peasant collided with Lenin's Bolshevik uprising, a movement largely devoid of mercy or sentiment, the pathos of the Romanov executions was felt all the more deeply around the world, and it has remained a topic of intense inquiry well into the following century. At the same time, gossip surrounding their fates, particularly that of the "lost" Grand Duchess Anastasia Nikolaevna, have ensured that the Romanovs remain relevant nearly a century after their downfall. *Tsar Nicholas II and the End of the Romanov Dynasty: The History of the Downfall of Imperial Russia* looks at the seminal events that brought about an end to Imperial Russia. Along with pictures and a bibliography, you will learn about the Romanovs like never before.

How did Nicholas II, Russia's last Tsar, meet his death? Shot point blank in a bungled execution by radical Bolsheviks in the Urals, Nicholas and his family disappeared from history in the Soviet era. But in the 1970s, a local geologist and a crime fiction writer discovered the location of their clandestine mass grave, and secretly removed three skulls, before reburying them, afraid of the consequences of their find. Yet the history of Nicholas's execution and the discovery of his remains are not the only stories connected with the death of the last Tsar. This book recounts the horrific details of his death and the thrilling discovery of the bones, and also investigates the alternative narratives that have grown up around these events. Stories include the contention that the Tsar's killing was a Jewish plot, in which Nicholas's severed head was taken to Moscow as proof of his death; tales of would-be survivors of the execution, self-confessed children of the Tsar claiming their true identity; and accounts of miracles performed by Nicholas, who was made a saint by the Russian church in 2000. Not least among these alternative narratives is the romanticization of the Romanovs, epitomized by the numerous photographs of the family released from the Russian archives.
