For this controversial, headline-making study of the heir to the throne, Dimpleby spent hours in candid conversations with the prince, his personal staff, and close friends, and was given access to the prince's letters, private diaries, and journals. An intimate portrait of a life trapped by destiny, The Prince of Wales offers unique insight into the man born to be King. of photos. 8-page color insert.

For this study of the heir to the throne, Jonathan Dimpleby was given unprecedented access to his subject. As well as spending many hours in wide-ranging and candid conversation with Prince Charles, the author interviewed at length scores of people, including his personal staff and close friends, most of whom have never talked openly about the Prince before. He also drew freely from the Prince's own archives, including more than 10,000 letters, private journals and diaries, none of which had hitherto been made public.

As well as spending many hours in wide ranging and candid conversations with Prince Charles, the author has interviewed scores of people, including his personal staff and close friends. The author has also drawn freely from the prince's own archives, including more than 10,000 letters, private journals and diaries, none of which has hitherto been made public.

Drawing on extensive interviews with Prince Charles, a journalist for BBC television examines the prince's life, his influence on public affairs, his separation from Diana, and the future of the monarchy

This is the first book on one of Wales's greatest leaders, arguably 'first prince of Wales', Bleddyn ap Cynfyn. Bleddyn was at the heart of the tumultuous events that forged Britain in the cauldron of Norman aggression, and his reign offers an important new perspective on the events of 1066 and beyond. He was a leader who used alliances on the wider British scale as he strove to recreate the fledgling kingdom of Wales that had been built and ruled by his brother, though outside pressures and internal intrigues meant his successors would compete ultimately for a principality.

Shows highlights from the Royal couple's official trips to Australia, the U.S., Austria, Canada, and Japan, and provides a behind-the-scenes look at their family life and their personal staff

The first ever full-scale biography of the last native Prince of Wales who fought to maintain an independent Wales.

Based on the first full-lenth television interview ever granted by the Palace for the Prince and Princess, this illustrated biography by a distinguished British broadcaster records the lives of the royal couple since their engagement.

As heir apparent to the British throne, the holder of the title Prince of Wales fulfills a pivotal role in the royal family and has always been at the center of intense public scrutiny. From speculation over his ability to rule to gossip about his personal life, through the centuries the Prince has commanded a worldwide audience. An up-to-date and concise overview of all twenty-one of the officially recognized Princes, Deborah Fisher's Princes of Wales is the first book on the subject in over twenty years. Seven hundred years of royal history are covered, from 1301—when the first Prince, Edward, was invested with the title—up to the present reign of Prince Charles, who has held the title since 1948. In between, Fisher relates fascinating stories about each Prince, including Dapper George, Poor Fred, and Mad King George. We learn that eight of the Princes never acceded to the throne—some died in childhood while others, such as Prince Frederick, whose hostile estrangement from his father eventually made him a pariah at court, held the title until old age, failing to outlive their reigning parent. By drawing parallels between the lives of each of the Princes, Fisher highlights some intriguing facts: among them, the Princes have produced a total of 102 children, 29 of whom were illegitimate—nearly half of which can be attributed to Charles II, who carried on notorious affairs with other noblemen's wives but sired no legitimate heir. The perfect companion to Fisher's earlier work, Princesses of Wales, this book will delight anyone interested in the colorful panorama of Britain's royal past.
