Czerny's Op. 821 is an enjoyable collection of eight-measure exercises including scalar figurations, contrast of legato and staccato, trills, arpeggios, transposition, ornamentation and more. Their brevity and attractive melodies and figurations make them most appealing. Czerny himself recommended that each of these exercises be practiced at least eight times in succession. They are written for the intermediate to advanced student.

Op. 261 is a set of studies that covers a wide range of technical problems in a short, clear manner. They are appropriate for both early and advanced pianists. Techniques include arpeggios, change of fingers on repeated notes, change of hand position, chords, and many others. This collection is especially suitable to students with small hands since exercises in octave playing are not included.

Gianni Bella, a cui si devono straordinarie canzoni, scritte per sé, per la sorella Marcella e Adriano Celentano, per Ornella Vanoni, Gianni Morandi e Mia Martini, è qui raccontato e svelato in modo inedito e sorprendente. Un percorso lungo cinquant'anni, iniziato nelle cantine di una Sicilia di fine anni Sessanta e continuato in tutto il mondo, sulla spinta del primo grande successo, Montagne verdi, fino agli album con Celentano, che hanno venduto milioni di copie. Pierguido Asinari contrappunta la storia artistica e personale di Gianni Bella con il racconto della creazione de La Capinera, melodramma scritto con Mogol e Giuseppe Fulcheri, ispirato al romanzo epistolare di Giovanni Verga, che ha la presunzione di sconvolgere i moduli contemporanei del genere e di riportare l'opera ai fasti dell'Ottocento.Questo volume, nato con l'innescabile vicinanza della famiglia Bella, presenta il ritratto a tutt'oggi più completo di Gianni Bella, interprete lontano dallo star system, ma così vicino e presente con la sua arte e i suoi successi nel cuore del pubblico e nella storia della musica italiana.

(BH Piano). The definitive edition (1987) of the piano teaching classic. Includes an introduction by the composer's son Peter Bartok. (English/French/German/Hungarian text). In 1945 Bela Bartok described Mikrokosmos as a cycle of 153 pieces for piano written for "didactic" purposes, seeing them as a series of pieces in many different styles, representing a small world, or as the "world of the little ones, the children". Stylistically Mikrokosmos reflects the influence of folk music on Bartok's life and the rhythms and harmonies employed create music that is as modern today as when the cycle was written. The 153 pieces making up Mikrokosmos are divided into six volumes arranged according to technical and musical difficulty. Major teaching points highlighted in Mikrokosmos 4. Thumb undervention, crossed hands, triplets in 9/8 time. Volume 4 contains Nos. 97-121

(Music Sales America). A compendium of the world's most beloved classical music presented in easy-to-read large print. A splendid collection of pieces that over the years have captured the heart of music lovers everywhere.

Contents: First exercises for the knowledge of the notes * Exercises for the 5 fingers with quiet hand * The first exercises for the thumb * Exercises exceeding an octave * Exercises with the bass-clef * Exercises in sharps and flats * Exercises in other easy tunes * Rests * Exercises of velocity * Melodies with and without ornaments.
