Doing Magic: A Course in Manifesting an Exceptional Life ...

Doing Magic is book two of a complete course in becoming creator of your own exceptional life. In these two books, I outline the exact steps which enabled me to move my own life from one of poverty and drudgery, to one of previously unimaginable wealth, love, purpose and joy. 'But Magic? I do hope you are joking!' That's what I would have said, five or ten years ago. I once despised all things 'New-Age', all these spiritual types and their airy-fairy views, their bad science and their irrational beliefs. I read all the great Law of Attraction writers, Wallace Wattles, Anthony Robbins, Rhonda Byrne, Napoleon Hill, Esther Hicks and Wayne Dyer. But no matter how closely I followed their instructions for manifesting love, money or happiness, I couldn't make it work. It was only when I recognised, accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place. Once I realised that the power came from within me, it was as if the light had suddenly been switched on. I learned how to manifest love and money, but I also learned how to be happy, truly happy. If you're jaded by the whole New-Age idea of The Laws of Attraction, and have become bored by their failure to deliver... these books are for you. It is my intention to lead you by the hand through a marvelous journey of wonder and adventure. Part one of this course, Becoming Magic, laid the groundwork for becoming a magical person, while this second book, Doing Magic, offers concrete techniques and instructions for bringing wonderful things into your life. The plan is to build your knowledge slowly, gradually, building on what has gone before, moving on to more complex techniques only once the basics are mastered. So many people fail with Magic and the Law of Attraction because they rush headlong into using techniques, trying to create enormous manifestations, making very simple but crucial mistakes. When they are disappointed, they imagine they have been duped. The sceptics are right. This is all a load of scammy nonsense. And they give up, declaring it just doesn't work. I am telling you that it does work. And you can make it work. And these books will show you how. My intention is that these books will allow you to become a true creator of your own life, reawakening and rekindling your belief and interest in The Laws of Attraction, Cosmic Ordering, Manifesting Reality or whatever you wish to call it. I prefer simply to call it Magic.

Magic is everywhere, from the big spectacle celebrity of David Copperfield and Siegfried and Roy to the quirky Penn and Teller to the spooky David Blaine and Cris Angel to the endless material on YouTube. But until now, learning it has never been easy—that's all about to change with Magic, a book that does for close-up magic what How to Grill does for barbecue. Written by charismatic young magician Joshua Jay, Magic combines expertise, photographs, and step-by-step directions showing how to perform 100 tricks. Joshua Jay took home the top prize at the World Magic Seminar (the Olympics of magic) when he was just 16 years old. Now he continues to perform magic, write about magic, eat, sleep, and breathe magic. Here, he brings all his passion and knowledge to teaching magic. Each trick is broken down into the Effect, the Secret, the Set-up, and, most important, the Performance, with lessons on what to say, how to direct the audience's attention, where to keep your hands, and so on. (In other words, how to be smart about the things your audience is surprisingly clueless about.) Here are the Ten Greatest Card Tricks; tricks to dazzle a dinner date; tricks to perform for the boss (poke a hole through his shirt, then magically mend it); tricks especially for kids; and even tricks for an audience in another state—with "Australian Self-Help," you can find a participant's chosen card over the phone. It's the Aha! book for a subject whose time has come.

Offers concrete techniques and instructions for bringing wonderful things into your life. The plan is to build your knowledge slowly, gradually building on what has done before, moving on to more complex techniques once the basics are mastered.

The ultimate book of magic for kids from a world-famous magician, complete with photographs for easy to follow instructions. From one of the world's premier practitioners of classic magic, with years of experience instructing younger readers in the magical arts, comes this new revision of his complete guide to learning and performing fantastic feats of prestidigitatoin. Acclaimed by the Los Angeles Times as "the text that young magicians swear by," it's full of step-by-step instructions. More than 2,000 illustrations provide the know-how behind 300 techniques, from basic card tricks to advanced levitation, along with advice on planning and staging a professional-quality magic show.

Profits from this book will go to The Cotton Tree Children's Trust Orphanage, Sierra Leone. Advanced Magic is the final part in the Course in Manifesting trilogy - a complete course in becoming creator of your own exceptional life. In these three books I outline the exact steps that enabled me to move my own life from one of poverty and drudgery, to one of previously unimaginable wealth, purpose and joy. 'But Magic? I do hope you are joking!' That's what I would have said, five or ten years ago. I once despised all things 'New-Age', all these spiritual types and their airy-fairy views, their bad science and their irrational beliefs. I read all the New Thought and Law of Attraction greats, Wallace Wattles, Anthony Robbins, Rhonda Byrne, Napoleon Hill, Esther Hicks and Wayne Dyer. But no matter how closely I followed their instructions for manifesting love, money or happiness, I couldn't make it work. It was only when I recognised, accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place. Once I realised that the power came from within me, it was as if the light had suddenly been switched on and my manifestatons began to work. I learned how to manifest money and love, but I also learned how to be happy, truly happy. If you're jaded by the whole New Age Law of Attraction idea, have become bored by its failure to deliver... these books are for you. It is my intention to lead you by the hand through a marvelous journey of wonder and adventure. Part one of this course, Becoming Magic, laid the groundwork for becoming a magical person, while the second book, Doing Magic, offered concrete techniques and instructions for bringing wonderful things into your life. And now, finally, we complete the journey with Advanced Magic. It's time to think a little deeper, feel a little keener, experience a little more intensely, and so consolidate and strengthen your knowledge. This book is designed to increase the fledgling power that you discovered from the first two books of the course. We now need to build on what has gone before, boosting your success, increasing your Magical power and making your manifestations more reliable... and more spectacular. Be warned: If you want a quick fix of positive thinking, to be told that using Magic and the Law of Attraction is fast and simple, and anyone can master it with ease, I suggest you buy a different book. But if you are serious about mastering Advanced Magic, if you are willing to treat this with the reverence, time, care and study that it deserves, these books are for you. Being really, truly in control of making things happen, attracting things at will, using Advanced Magic consistently and reliably, is something of which only a very select few are capable. Come with me, and become one of them. Many people fail with Magic, Manifestation and the Law of Attraction just because they rush headlong into using techniques without adequate preparation, trying to create enormous manifestations, and making very simple but crucial mistakes. When they are disappointed, they imagine they have been duped. The sceptics are right. This is all a load of scammy nonsense. And they give up, declaring it just doesn't work. I am telling you that it does work. And you can make it work. And these books will show you how. These three books will allow you to complete your journey to becoming a true creator of your own life, reawakening and rekindling your belief and interest in Spirituality, The Law of Attraction, Reality Creation, Cosmic Ordering or whatever you wish to call it. I prefer simply to call it Magic.

Doing Magic: A Course in Manifesting an Exceptional Life ...

From the author of Becoming Magic. It was 2010 and I had wasted my life. Stuck in a dead end job, divorced and in debt. For me, every day was much like the last. But things were about to change. Dramatically. So, how did a lonely, overweight, depressed 40-something woman go from poverty, debt and despair to a life of fulfillment, happiness, wealth and spiritual awakening? Did I rob a bank, win the lottery or marry a millionaire? Did I see doctors, therapists and counselors? Did I join a cult? No, none of these things. I used Magic. In this book, I share my true-life story of exactly how I went from rags to riches, from depression to awakening, and created a truly exceptional life for myself. Over the last few years, I've had many adventures and fantastic experiences. I have also life-changing insights into magic, manifesting, and the whole business of being alive. These insights had such a profound effect on me they've changed my whole outlook on the world. I didn't know this sort of peace of mind was possible. I didn't know life could get this good. And until now, I told no one how I did it. Writing under the pen name, Genevieve Davis, I chose to remain completely anonymous, hiding my secret identity even from my own family. Finally, I have decided to go public, with this bitingly honest account of my discovery, mastery and belief in what I like to call Magic. By revealing my true identity I can finally prove to you that everything I said in my early books about manifesting an exceptional life was true. All of it. And then, I want to help you see what I have seen. I want to help you understand what I now understand. I want you create a life just as exceptional. For lovers of self-help, memoirs, and for those who like to believe that life should be magnificent. Even sceptics may read this book and start to wonder: Is Magic actually real?
