The Tempest is a short play...and a confusing one. There is no one single central plot (there are three main plots that alternate throughout the story). Long story short: it's easy to get lost! And the Shakespearean language doesn't help. If you have struggled in the past reading Shakespeare, then BookCaps can help you out. This book is a modern translation of The Tempest. The original text is also presented in the book, along with a comparable version of both text. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.

Enter two Sentinels-[first, ] Francisco, [who paces up and down at his post; then] Bernardo, [who approaches him].Ber. Who's there?Fran. Nay, answer me. Stand and unfold yourself.Ber. Long live the King!Fran. Bernardo?Ber. He.Fran. You come most carefully upon your hour.Ber. 'Tis now struck twelve. Get thee to bed, Francisco.Fran. For this relief much thanks. 'Tis bitter cold, And I am sick at heart.Ber. Have you had quiet guard?Fran. Not a mouse stirring.Ber. Well, good night.If you do meet Horatio and Marcellus, The rivals of my watch, bid them make ha

Gertrude and Claudius are the “villains” of Hamlet: he the killer of Hamlet’s father and usurper of the Danish throne, she his lusty consort, who marries Claudius before her late husband’s body is cold. But in this imaginative “prequel” to the play, John Updike makes a case for the royal couple that Shakespeare only hinted at. Gertrude and Claudius are seen afresh against a background of fond intentions and family dysfunction, on a stage darkened by the ominous shadow of a sullen, erratic, disaffected prince. “I hoped to keep the texture light,” Updike said of this novel, “to move from the mists of Scandinavian legend into the daylight atmosphere of the Globe. I sought to narrate the romance that preceded the tragedy.”

Acclaimed as a modern dramatic masterpiece, *Rosencrantz & Guildenstern are Dead* is the fabulously inventive tale of Hamlet as told from the worm’s-eye view of the bewildered Rosencrantz and Guildenstern, two minor characters in Shakespeare’s play. In Tom Stoppard’s best-known work, this Shakespearean Laurel and Hardy finally get a chance to take the lead role, but do so in a world where echoes of *Waiting for Godot* resound, where reality and illusion intermix, and where fate leads our two heroes to a tragic but inevitable end. Tom Stoppard was catapulted into the front ranks of modern playwrights overnight when *Rosencrantz and Guildenstern Are Dead* opened in London in 1967. Its subsequent run in New York brought it the same enthusiastic acclaim, and the play has since been performed numerous times in the major theatrical centers of the world. It has won top honors for play and playwright in a poll of London Theater critics, and in its printed form it was chosen one of the “Notable Books of 1967” by the American Library Association.

Ideal as a year-long program or for selective units. This packed volume takes an intense look at *Romeo and Juliet*, *Julius Caesar*, *Macbeth*, *Hamlet*, *A Midsummer Night’s Dream*, and *The Tempest*. Each of the 40 lessons opens up the world of Shakespeare, his words, and his characters. Extensive teacher support includes assessments, historical background and language study, synopses, and suggestions for engaging hard-to-reach learners.

In July 2007, the School of Law at the University of Warwick hosted an international conference on 'Shakespeare and the Law'. This was a truly interdisciplinary event, which included contributions from eminent speakers in the fields of English, history, theatre and law. The intention was to provide a congenial forum for the exploration, dissemination and discussion of Shakespeare's evident fascination with and knowledge of law, and its manifestation in his works. The papers included in this volume reflect the diverse academic interests of participants at the conference. The eclectic themes of the edited collection range from analyses of the juristic content of specific plays, as in 'Consideration, Contract and the End of *The Comedy of Errors*', 'Judging Isabella: Justice, Care and Relationships in *Measure for Measure*', 'Law and its Subversion in *Romeo and Juliet*', 'Inheritance in the Legal and Ideological Debate of Shakespeare's *King Lear*' and 'The Law of Dramatic Properties in *The Merchant of Venice*', to more general explorations of Shakespearean jurisprudence, including 'Shakespeare and Specific Performance', 'Shakespeare and the Marriage Contract', 'The Tragedy of Law in Shakespearean Romance' and 'Punishment Theory in the Renaissance: the Law and the Drama'.
