These patterns (groups) are presented as 120 conjugation tables which show how to conjugate any verb in all persons, tenses, and moods. Each form is followed by its transcription (pronunciation) to make the tables user-friendly for learners at all levels. An index lists nearly 4,000 of Arabic's most common verbs grouped by table. This book can be used on its own, but also acts as an invaluable companion to the Lingualism Arabic Learner's Dictionary, the verb entries in which contain references to the conjugation tables.
