several books. His present research in critical discourse studies focuses on the relations between power, discourse and ideology. His latest book is *Ideology* (Sage, 1998). He founded the international journals *TEXT*, *Discourse and Society* and *Discourse Studies*, and still edits the latter two.

METHODS OF CRITICAL DISCOURSE ANALYSIS

Critical discourse analysis is an interdisciplinary approach to the study of discourse, or put simply talk and text, that views language as a form of social practice. Scholars working in the tradition of CDA generally argue that social practice and linguistic practice constitute one another and focus on investigating how societal power relations are established and reinforced through language use. In this sense, it differs from discourse analysis in that it highlights issues of power asymmetries
