Yes Howard did have a lobotomy. But it didn't seem to change him in any way and did not alter the course of the story so what you have is a fairly rudimentary memoir of a guy with behaviour issues and a difficult relationship with his step mum. It's more a story of how the medical profession and the state dealt with that sort of thing back in the 60's. I gave up around page 100. Read more ...

At twelve, Howard Dully was guilty of the same crimes as other boys his age: he was moody and messy, rambunctious with his brothers, contrary just to prove a point, and perpetually at odds with his parents. Yet somehow, this normal boy became one of the youngest people on whom Dr. Walter Freeman performed his barbaric transorbital—or ice pick—lobotomy Abandoned by his family within a year ...

"In My Lobotomy Howard Dully tells more of the story that so many found gripping in a National Public Radio broadcast: how his stepmother joined with a doctor willing to slice into his brain with "ice picks" when he was all of 12 years old." — New York Daily News

My Lobotomy: A Memoir - Dully, Howard, Fleming, Charles

My thanks to Howard Dully to have the courage to expose the good, the bad and the ugly of his life. It was a well balanced account of a life disrupted in the worst way. For someone to take a little boy and treat him so badly, then to try to destroy him is heartbreaking. I am glad Howard has found love and compassion in his adult life.

My Lobotomy: A Memoir - Dully, Howard, Fleming, Charles

Freeman preferred the use of the term lobotomy and therefore renamed the procedure "prefrontal lobotomy." The American team soon developed the Freeman-Watts standard lobotomy, which laid out an exact protocol for how a leukotome (in this case, a spatula) was to be inserted and manipulated during the surgery. Freeman, Walter Jackson, II, lobotomy. American neurologist Walter Jackson Freeman ...

Dwight Howard's 12-Year-Old Son Braylon Calls Him Out For

Writing a memoir means you're author and subject, researcher and storyteller, narrator and audience. That's a lot to ask of any writer, though a good way to begin the challenge of writing a memoir is to start a list of the most memorable events of your life. Don't start on the actual book manuscript until you have at least a page filled with things that seem worthy of sharing — moments ...
