**Oracle Application Framework - Oracle Fusion Apps**  
For the most part, when you upgrade an OA Framework-based page from Release 11i to 12.1.3, that OA Framework page will still exist in 12.1.3 unless the specific Oracle E-Business Suite product has been heavily redesigned. So in general, OA Framework personalizations are likely to upgrade smoothly ("like to like") to 12.1.3, though of course it depends on the specific products you have.
