Operating Instructions: A Journal of My Son's First Year ...

My lust for books that are about motherhood has led me to "Operating Instructions: A Journal of My Son's First Year" by Anne Lamott. This book chronicles the experience of Anne's first year as a new mother. A single mother. Anne writes boldly. Possibly because she did not intend to publish her personal journal. However, I am glad that she did.

Operating Instructions: A Journal of My Son's First Year ...

In Operating Instructions, she chronicles the first year of her son, Sam's life. This is much, much more than a journal. It's the unfolding of real, true life. Three years after giving up her addictions to drugs and alcohol, Lamott found herself pregnant-and single-at 35.

Read Book Operating Instructions A Journal Of My Sons First Year

Lamott gives us a smart, funny, and comforting chronicle of single motherhood. It's not like she's the only woman to ever have a baby. At thirty-five. On her own. But Anne Lamott makes it all fresh in her now-classic account of how she and her son and numerous friends and neighbors and some strangers survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea), with a generous amount of wit and faith (but very little piousness), Lamott narrates the great and small events that make up a woman's life. "Lamott has a conversational style that perfectly conveys her friendly, self-deprecating humor." -- Los Angeles Times Book Review "Lamott is a wonderfully lithe writer Anyone who has ever had a hard time facing a perfectly ordinary day will identify." -- Chicago Tribune

A single mother and writer grappling alone with the problems of a newborn baby presents a vivid account of the confusion, joys, sorrows, and struggles of the first year in her son's life. Reprint. 20,000 first printing.

survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea), with a generous amount of wit and faith (but very little piusness), Lamott narrates the great and small events that make up a woman's life. "Lamott has a conversational style that perfectly conveys her friendly, self-deprecating humor." -- Los Angeles Times Book Review "Lamott is a wonderfully lithe writer Anyone who has ever had a hard time facing a perfectly ordinary day will identify." -- Chicago Tribune

A single mother and writer grappling alone with the problems of a newborn baby presents a vivid account of the confusion, joys, sorrows, and struggles of the first year in her son's life. Reissue.

From the acclaimed New York Times bestselling author: An essential volume for generations of writers young and old. The twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas,

Read Book Operating Instructions A Journal Of My Sons First Year

and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it bird by bird.'"

Offers a whimsical approach to baby care that likens the newest member of the family to a machine needing extra-special care, in a guide that features schematic diagrams for such "maintenance" techniques as getting a baby to sleep through the night and taking a baby to a doctor for "servicing." Original. 30,000 first printing.

From the New York Times bestselling author of *Bird by Bird*, *Hallelujah Anyway*, and *Almost Everything* "If there is a doyenne of the parenting memoir, it would be Anne Lamott."—*Time* In *Some Assembly Required*, Anne Lamott enters a new and unexpected chapter in her own life: grandmotherhood. Stunned to learn that her son, Sam, is about to become a father at nineteen, Lamott begins a journal about the first year of her grandson Jax's life. In careful and often hilarious detail, Lamott and Sam—about whom she first wrote so movingly in *Operating Instructions*—struggle to balance their changing roles. By turns poignant and funny, honest and touching, *Some Assembly Required* is the true story of how the birth of a baby changes a family—as this book will change everyone who reads it.

Anne Lamott claims the two best prayers she knows

Read Book Operating Instructions A Journal Of My Sons First Year

are: "Help me, help me, help me" and "Thank you, thank you, thank you." She has a friend whose morning prayer each day is "Whatever," and whose evening prayer is "Oh, well." Anne thinks of Jesus as "Casper the friendly savior" and describes God as "one crafty mother." Despite--or because of--her irreverence, faith is a natural subject for Anne Lamott. Since *Operating Instructions* and *Bird by Bird*, her fans have been waiting for her to write the book that explained how she came to the big-hearted, grateful, generous faith that she so often alluded to in her two earlier nonfiction books. The people in Anne Lamott's real life are like beloved characters in a favorite series for her readers--her friend Pammy, her son, Sam, and the many funny and wise folks who attend her church are all familiar. And *Traveling Mercies* is a welcome return to those lives, as well as an introduction to new companions Lamott treats with the same candor, insight, and tenderness. Lamott's faith isn't about easy answers, which is part of what endears her to believers as well as nonbelievers. Against all odds, she came to believe in God and then, even more miraculously, in herself. As she puts it, "My coming to faith did not start with a leap but rather a series of staggers." At once tough, personal, affectionate, wise, and very funny, *Traveling Mercies* tells in exuberant detail how Anne Lamott learned to shine the light of faith on the darkest part of ordinary life, exposing surprising pockets of meaning and hope.

Wherever you look, there's trouble and wonder, pain and beauty, restoration and darkness--sometimes all at once. Yet amid the confusion, if you look carefully, in nature or in the kitchen, in ordinariness or in
