When a former client jumps naked from a Boston landmark, Private Investigator Patrick Kenzie wants to know why. Once a perky young woman in love with life, her suicide is the final fall in a spiral of self-destruction. What Kenzie discovers is a sadistic stalker who targeted the woman and methodically drove her to her death – a monster that the law can't touch. But Kenzie can. He and his former partner, Angela Gennaro, will fight a mind-twisting battle against the psychopath, even as he turns tricks on them... Prayers for Rain is another superior thriller from Dennis Lehane, the bestselling and acclaimed author of Mystic River, Shutter Island, and Gone, Baby, Gone.

As two Boston private investigators attempt to identify and save the next victim of a psychological killer, the sinister force turns on them.

Private detective partners Patrick Kenzie and Angela Gennaro are hired to find Jenna Angeline, a missing black cleaning woman who allegedly stole confidential state documents, but as their investigation becomes complicated by rival gang leaders, extortion, child prostitution, and assassination reaching to the highest levels of government, they discover that their target has been framed. Reprint, 15,000 first printing.

A beautiful, grief-stricken woman has vanished without a trace. So has the detective hired to find her. And a lot of money... Enter tough-nosed private investigators Patrick Kenzie and Angela Gennaro. Rooted in the streets of blue-collar Dorchester, they've seen it all - and survived. But this case leads them into unexpected territory: a place of lies and corruption, where trusting anyone could get them killed, and where nothing is sacred. Another superior thriller from Dennis Lehane, the bestselling and acclaimed author of Mystic River, Shutter Island, and Gone, Baby, Gone.

"[Lehane has] emerged from the whodunit ghetto as a broader and more substantial talent. ...When it comes to keeping readers exactly where he wants them, Mr. Lehane offers a bravura demonstration of how it's done." —New York Times Moonlight Mile is the first Patrick Kenzie and Angela Gennaro suspense novel in more than a decade from the acclaimed, New York Times bestselling master of the new noir, Dennis Lehane. An explosive tale of vengeance and redemption—the brilliant sequel to Gone, Baby, Gone—Moonlight Mile returns Lehane's unforgettable and deeply human detective duo to the mean streets of blue collar Boston to investigate the second disappearance of Amanda McCready, now sixteen years old. After his remarkable success with Mystic River, Shutter Island, and The Given Day, the celebrated author whom the Washington Post praises as, "one of those brave new detective stylists who is not afraid of fooling around with the genre's traditions," returns to his roots—and the result, as always, is electrifying.

Master of new noir Dennis Lehane magnificently evokes the dignity and savagery of working-class Boston in Darkness, Take My Hand, a terrifying tale of redemption. Patrick Kenzie and Angela Gennaro's latest client is a prominent Boston psychiatrist, running scared from a vengeful Irish mob. The private investigators know about cold-blooded retribution. Born and bred on the mean streets of blue-collar Dorchester, they've seen the darkness that lives in the hearts of the unfortunate. But an evil for which even they are unprepared is about to strike, as secrets that have long lain dormant erupt, setting off a chain of violent murders that will stain everything – including the truth. With razor-sharp dialogue and penetrating prose, Darkness, Take My Hand is another superior crime novel from the author of Mystic River, Gone, Baby, Gone, and Shutter Island.

This book focuses on the perception of the names, personae, performances and films of three Hollywood megastars, Gregory Peck, Robert Mitchum and William Holden, as presented in the references and allusions encountered in American and foreign literature. Its secondary aim is to establish the 'impact factor' of the three actors and their major films and provide extensive data for further studies on the complex and bilateral relationships between film and literature. The pertinent quotations in "Three Hollywood Starswarts in Literature: A Study in Film Perception Through References to Peck, Mitchum and Holden" have been extracted from nearly 220 works by about 140 authors. The majority of the works were written by acclaimed authors; amongst them are some well-known American mainstream writers such as John Updike, John Irving, Fannie Flagg and Anne Tyler; some leaders of the mystery genre include Martha Grimes, Stuart Kaminsky, Elmore Leonard, Sara Paretsky; and a few masters of other popular genres, such as Stephen King and Dean Koontz. The global flavor of the citations is provided by international authors (e.g., Julio Cortázar, Elizabeth Hay, Henri Charrière, Sébastien Japrisot) and authors born to first-generation U.S. immigrants (e.g., Oscar Hijuelos). Almost seventy films referenced in world literature are discussed in the book, and those mentioned in the biggest number of works include "Sunset Boulevard", "The Wild Bunch", "To Kill a Mockingbird", "Roman Holiday", "Spellbound", "The Guns of Navarone", and "Duel in the Sun", among others. This book will appeal to college professors and students interested in film studies, specifically film analysis and criticism, film perception, and film genres. It will also hold interest for the general reader interested in biographies of movie personalities and the careers of the three actors, movie and stage actors, and fans of the western, film noir, and war genres.

"Powerful and raw, harrowing, and unsentimental." —Washington Post Book World "Chilling, completely credible...[An] absolutely gripping story." —Chicago Tribune "Mr. Lehane delivers big time." —Wall Street Journal In Gone, Baby, Gone, the master of the new noir, New York Times bestselling author Dennis Lehane (Mystic River, Shutter Island), vividly captures the complex beauty and darkness of working-class Boston. A gripping, deeply evocative thriller about the devastating secrets surrounding a little girl lost, featuring the popular detective team of Patrick Kenzie and Angela Gennaro, Gone, Baby, Gone was the basis for the critically acclaimed motion picture directed by Ben Affleck and starring Casey Affleck, Ed Harris, and Morgan Freeman.

A small southern town gives birth to a dangerous man with a broken heart and a high-powered rifle. . . A young girl, caught up in an inner-city gang war, crosses the line from victim to avenger. . . An innocent man is hunted by government agents for an unspecified crime. . . A boy and a girl fall in love while ransacking a rich man's house during the waning days of the Vietnam War. . . A compromised psychiatrist confronts the unstable patient he slept with. . . A father and a son wage a lethal battle of wits over the whereabouts of a stolen diamond and a missing woman. In turn suspenseful, surreal, romantic, and tragically comic, these tales journey headlong into the heart of our myths - about class, gender, freedom, and regeneration through violence - and reveal that the truth waiting for us there is not what we'd expect.

"The Careers of Burt Lancaster and Kirk Douglas as Referenced in Literature" is a study of the perception of these two Hollywood megastars and their work, as presented in the text and context of references and allusions found in world literature. This book also aims to establish the impact factor of the two actors and their major films, as well as to provide extensive data for further studies of the complex and bilateral relationships between film and literature. The pertinent quotations have been extracted from over 150 works—novels, short stories, plays, poems and some nonfiction biographies and memoirs (excluding those focused on film celebrities)—by more than 120 authors. The main body of the book consists of two parts, each devoted to one actor and each having five identical sections. In the first section, references to the actor's films are discussed while the second section presents references to the actor himself. The third section shows the complete list of references found to the actor and his films, including references not mentioned in the first two sections—either because of their relative insignificance, the lack of an English translation in case of foreign-language works or repetitiveness and/or abundance in a given work. The fourth section offers the credits of the films referenced, and the fifth section presents the actor's complete monographic bibliography. The third part of the book, 'Epilogue: Final Remarks and Conclusions,' provides an analysis and classification of all the references and allusions presented in the main body, and it elaborates on the friendship of the two actors. College professors and students interested in film studies, particularly film analysis and criticism, film perception and film genres, will find this book of great interest. It will also appeal to people interested in biographical books on movie personalities and movie fans, especially those interested in westerns, film noir and the careers of Burt Lancaster and Kirk Douglas.
