Take That were the original British boy band. They sold out arenas in less time than it took to play one of their chart-topping singles. Gary Barlow was the band's gifted front man who not only wrote hits such as 'Pray' and 'A Million Love Songs' but sang them too. Then the band quit at the very height of their fame. Here Gary reveals for the first time his ride on the rollercoaster of fame, the truth behind the

rumours of the band's feuding and his fall-out with Robbie, and how he sank into depression only to rise again in one of pop's greatest comebacks: the record-breaking Take That reunion tour. Candid, confident and down-to-earth, Gary is definitely back for good.

The Incredible Rags-to-Riches Story of One of the Bestselling Female Artists of All Time Shania Twain has risen from humble beginnings in a dirt-poor mining town in Northern Canada to amazing heights of superstardom. At the age of eight her mother was taking her to sing in lumberjack bars; now she shares a Swiss mansion and an estate in New Zealand with her record-producer husband and is worth more than \$100 million. Hits such as "Man! I Feel Like a Woman" and "That Don't Impress Me Much" ensured that her third album, *Come On Over*, became the bestselling album in country-music history and her astounding crossover to mainstream music swiftly followed. Her life, however, has remained the subject of speculation and controversy. British music journalist Robin Eggar has talked to Shania's close friends, family, business associates -- and to Shania herself -- to build an insightful, rounded portrait of a woman whose Cinderella tale has become a fable for our times.

What connects the Murder of Maria Marten, the Luddites, Baring's Bank, the Castlemaine Gold Rush, the Marquiss of Normandy, Knutsford Prison, the Archbishop of York Wentworth Woodhouse, the Earl of Mulgrave, W B Yeats and a Ghost of Denby Dale? They all feature in this fourth addition to the influential and highly successful series *Denby & District*. Amongst a wealth of absorbing new research this book features the Green family, corn millers of Denby Dale; Elijah Hinchcliffe, a convicted felon from Cumberworth who was transported to Tasmania for his crime and the Kelso family of Denby Dale, comedians and travelling music hall artistes. The book also includes a fascinating, in depth analysis of the lives, careers and families of the curates of Upper Denby church, from 1627, which has thrown up a wealth of previously unknown information, made available here for the first time. Illustrated with numerous family trees and well over a hundred never before published photographs, the book is a must for anyone with an interest in the area and continues the high standards and traditions set by previous volumes in the series.

"More than twelve years ago, Robbie Williams and Chris Heath published a ground-breaking memoir, *Feel*, about Robert P. Williams' rise to fame; a book that was met with worldwide acclaim, from critics and fans alike. Since that time, Robbie has released six solo albums, reunited with his old band Take That and, in the wake of his twelfth UK number-one album, has returned to the stage with a sold-out run at Wembley Stadium. In *Reveal*, bestselling author Chris Heath has been working closely with Robbie for many years to create a personal and raw account of fame, fortune, family and music; a vivid and detailed story of the real highs and lows as Robbie has found his way forward, that is unprecedented in its intimacy and honesty"--provided by publisher.

Top celebrity biographer Sean Smith tells the story of national treasure Gary Barlow, one of the UK's greatest songwriters and musicians. Throughout a stellar career, nobody has been more misunderstood than Gary Barlow. When he first found fame, he was perceived as too arrogant. Then, after a spectacular slump and amazing recovery, he adopted a modesty that underrates his lifetime achievements. In this book Sean Smith redresses the balance by revealing the real man, the romances that shaped his life and the passion for music that drives him. A singer and virtuoso keyboard player who performed in working men's clubs from the age of thirteen, Gary Barlow would go on to achieve phenomenal success as the musical force behind Take That, the most popular boy band of all time. Now recognized as one of the greatest songwriters and musicians the UK has ever produced, Gary is among the best-known faces on television, returning as head judge on the *X Factor* in 2013. Featuring original interviews with many people who have never spoken before, Gary is a celebration of a complex and unique talent.

Robert Wyatt started out as the drummer and singer for Soft Machine, who shared a residency at Middle Earth with Pink Floyd and toured America with the Jimi Hendrix Experience. He brought a jazz mindset to the 1960's rock scene, having honed his drumming skills in a shed at the end of Robert Graves' garden in Mallorca, Spain. Wyatt's life took an abrupt turn in 1973, when he fell from a fourth-floor window at a party and was paralyzed from the waist down. He reinvented himself as a singer and composer with the extraordinary album *Rock Bottom*, which he followed with an idiosyncratic string of records that uniquely combine the personal and political. Along the way, Robert has worked with the likes of Brian Eno, Bjork, Jerry Dammers, Charlie Haden, David Gilmour, Paul Weller and Hot Chip. Marcus O'Dair has talked to all of them--indeed anyone who has shaped, or been shaped by Wyatt over five decades. *Different Every Time* is the first biography of Robert Wyatt, and it was written with his full participation. It includes illustrations by Alfreda Bengé and photographs from Robert's personal archive.

So... the story of my life. I've often thought about this moment, about what it would be like to write my memoirs. I always thought it would make me feel important. It doesn't. If anything it makes me feel a little strange. The truth is, I should never have been this famous guy. I wasn't the cool, clever, good-looking boy at school. But I always dreamt of it, hoped for it, longed for it: throughout school when I was disruptive, in my teens when I tried to form my own boy band and through hundreds of auditions for parts which were met with constant rejection. Until finally I co-wrote Gavin and Stacey. And my whole life changed. This is that story. The story of how I found myself here, talking to you.

"Within a day of receiving this book, I had consumed it... Absorbing, moving, and compulsively readable."—Lydia Davis In this affectionate, heart-warming chronicle, Rosamund Young distills a lifetime of organic farming wisdom, describing the surprising personalities of her cows and other animals At her famous Kite's Nest Farm in Worcestershire, England, the cows (as well as sheep, hens, and pigs) all roam free. They make their own choices about rearing, grazing, and housing. Left to be themselves, the cows exhibit temperaments and interests as diverse as our own. "Fat Hat" prefers men to women; "Chippy Minton" refuses to sleep with muddy legs and always reports to the barn for grooming before bed; "Jake" has a thing for sniffing the carbon monoxide fumes of the Land Rover exhaust pipe; and "Gemima" greets all humans with an angry shake of the head and is fiercely independent. An organic farmer for decades, Young has an unaffected and homely voice. Her prose brims with genuine devotion to the wellbeing of animals. Most of us never apprehend the various inner lives animals possess, least of all those that we might eat. But Young has spent countless hours observing how these creatures love, play games, and form life-long friendships. She imparts hard-won wisdom about the both moral and real-world benefits of organic farming. (If preserving the dignity of animals isn't a good enough reason for you, consider how badly factory farming stunts the growth of animals, producing unhealthy and tasteless food.) This gorgeously-illustrated book, which includes an original introduction by the legendary British playwright Alan Bennett, is the summation of a life's work, and a delightful and moving tribute to the deep richness of animal sentience.
