Round Up the Usual Suspects is possibly the best book ever written about the making of a movie (Casablanca), and it's one of the best on the subject of Hollywood's golden age. Every chapter is a gem, sand it's full of anecdotes that will inspire readers to watch Casablanca again. One example: the movie's extras included Jewish refugees from Nazi Germany, some of whom ended up in Nazi uniforms ...

Round Up the Usual Suspects: The Making of Casablanca ...

But Aljean Harmetz makes a thorough accounting in Round Up the Usual Suspects: The Making of Casablanca—Bogart, Bergman, and World War II. My main takeaway from Harmetz is that years of good manners toward racism and fascism created a void in U.S. movies, so that when Japan bombed Pearl Harbor, Warner Brothers with the consci

ROUND UP THE USUAL SUSPECTS is an intimate examination of the Nicky Kelly case. It also provides a panoramic view of the 1970s and the controversial reign of the Cosgrave Coalition. It moves from the shady world of paramilitary "fundraising" to the Cabinet table; from top-level garda meetings to dawn raids and midnight interrogations. The story of Nicky Kelly is the story - never told before ...

Round Up the Usual Suspects - AbeBooks

"The usual suspects" has a specific and unambiguous origin. It was spoken by Captain Louis Renault, the French prefect of police, played by Claude Rains in the 1942 U.S. film Casablanca ". Well, I was wrong. That expression, and the extended "round up the usual suspects" existed in the USA prior to 1942 - in the early 1930s in fact.

Round Up The Usual Suspects: Knowledge-Based Metaphor ...

He told Aljean Harmetz, author of Round Up the Usual Suspects: The Making of Casablanca, that he was cast because he was Bogart's drinking buddy. He was not the first choice for the role; he replaced Leo Mostovoy, who was deemed not funny enough. Madeleine Lebeau as Yvonne, Rick's soon-discarded girlfriend.

Casablanca (film) - Wikipedia

Round up the unstable suspects If someone is frothing wildly at the mouth, speaking gibberish, and waving a bloody axe in the air, he/she is unstable and, potentially, a suspect. Round up the unusual suspects The more unusual the better, presumably.

Casablanca: "Round up the usual suspects" Quote Off ...

The Usual Suspects, the top-notch, twisty-turny crime thriller that launched the career of director Bryan Singer and nabbed Kevin Spacey his first Oscar. The shout-out nods to that fact the movie is based around a bloody event that happens after a bunch of criminals meet in a line-up.

Round up the Usual Suspects some radical implications of Indonesian and Euro-American media coverage of 'terrorist' attacks In Media and Political Violence

In late 1941, a play called *Everybody Comes to Rick's* went from being a standard World War II romantic suspense film to an exceptional movie, earning Oscars for Best Picture, Best Director, and Best Screenplay. Harmetz has written the inside story of the making of *Casablanca*.

TV shows that retain their popularity over the years do so for obvious reasons: good production values, good acting, and compelling storylines. But detective stories in particular also endure because they appeal to the gumshoe in all of us. America is obsessed with crime solving. Nancy Grace on CNN Headline News, Greta Van Susteren on Fox, and the seemingly annual recurrence of the courtroom sensation all testify to this fact. And these people and cases are able to reach their phenomenal status not simply because of the media—the media only demonstrates the enormous national appetite for this material. Rather, *Cold Case*, *CSI*, and *Law & Order* have achieved their current popularity because they all respond to the same national craving for crime, and do so with great skill and creativity. *Round Up the Usual Suspects* provides a comparison of the crime fighting models and justice proceedings of each of these TV series. Each series has its own special crime-fighting niche, and each approaches its job with a different set of values and different paradigms of discovery and proof. Their separate approaches are each firmly grounded in different components of human nature — analytical reasoning, for instance, in *CSI*, memory in *Cold Case*, and teamwork in *Law & Order*. After examining each of the individual series in depth, Ruble goes on to investigate some of the historical antecedents in classical TV detective series such as *The FBI* and *Dragnet*. It is interesting to note that these crime fighting methodologies are extensions of the way we all process information about the world. Ray Ruble here aims to increase our appreciation for the ingenious manner in which fictional cases are broken and convictions convincingly secured, and also illuminates the deeper human elements that lie under a more implicit spotlight in these runaway hits.

A Los Angeles Times bestseller A New York Times Book Review "Editor's Choice" Selection "Even the die-hardest *Casablanca* fan will find in this delightful book new ways to love the movie they were certain they could never love more." —Sam Wasson, best-selling author of *Fifth Avenue, 5 A.M.* *Casablanca* is "not one movie," Umberto Eco once quipped; "it is 'movies.'" Film historian Noah Isenberg's *We'll Always Have Casablanca* offers a rich account of the film's origins, the myths and realities behind its production, and the reasons it remains so revered today, over seventy-five years after its premiere.

The mega-bestseller with more than 2 million readers, soon to be a major television series From the #1 New York Times-bestselling author of *The Lincoln Highway* and *Rules of Civility*, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a

luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel's doors. Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose.

From the New York Times bestselling author of Fifth Avenue, Five A.M. and Fosse comes the revelatory account of the making of a modern American masterpiece Chinatown is the Holy Grail of 1970s cinema. Its twist ending is the most notorious in American film and its closing line of dialogue the most haunting. Here for the first time is the incredible true story of its making. In Sam Wasson's telling, it becomes the defining story of the most colorful characters in the most colorful period of Hollywood history. Here is Jack Nicholson at the height of his powers, as compelling a movie star as there has ever been, embarking on his great, doomed love affair with Anjelica Huston. Here is director Roman Polanski, both predator and prey, haunted by the savage death of his wife, returning to Los Angeles, the scene of the crime, where the seeds of his own self-destruction are quickly planted. Here is the fevered dealmaking of "The Kid" Robert Evans, the most consummate of producers. Here too is Robert Towne's fabled script, widely considered the greatest original screenplay ever written. Wasson for the first time peels off layers of myth to provide the true account of its creation. Looming over the story of this classic movie is the imminent eclipse of the '70s filmmaker-friendly studios as they gave way to the corporate Hollywood we know today. In telling that larger story, The Big Goodbye will take its place alongside classics like Easy Riders, Raging Bulls and The Devil's Candy as one of the great movie-world books ever written. Praise for Sam Wasson: "Wasson is a canny chronicler of old Hollywood and its outsize personalities...More than that, he understands that style matters, and, like his subjects, he has a flair for it." - The New Yorker "Sam Wasson is a fabulous social historian because he finds meaning in situations and stories that would otherwise be forgotten if he didn't sleuth them out, lovingly." - Hilton Als

"Swindle's." If you're looking for something in Cybertron's black market, your best bet is almost inevitably Swindle's, an illegal den of contraband energon, skitter racing, and more. It's great for those looking for a way to get their hands on weapons and supplies, and greater still for the Security Operatives who know what's going on and are about to start a raid...

When an ill-fated, young prostitute and her lover are killed in a gruesome double murder, seasoned investigator Detective Hanash is called in. The case draws him and his team into the poverty of Casablanca's slums, blighted by criminality, religious extremism, and despair. Hanash's years on the job have made him intimately familiar with the city's seedy underbelly, but this time he harbors a personal connection to one of the victims, one he must conceal at all costs.

Shocked by the fall of France in 1940, panicked US leaders rushed to back the Vichy government—a fateful decision that nearly destroyed the

Anglo–American alliance. According to US Secretary of War Henry Stimson, the “most shocking single event” of World War II was not the Japanese attack on Pearl Harbor, but rather the fall of France in spring 1940. Michael Neiberg offers a dramatic history of the American response—a policy marked by panic and moral ineptitude, which placed the United States in league with fascism and nearly ruined the alliance with Britain. The successful Nazi invasion of France destabilized American planners’ strategic assumptions. At home, the result was huge increases in defense spending, the advent of peacetime military conscription, and domestic spying to weed out potential fifth columnists. Abroad, the United States decided to work with Vichy France despite its pro-Nazi tendencies. The US–Vichy partnership, intended to buy time and temper the flames of war in Europe, severely strained Anglo–American relations. American leaders naively believed that they could woo men like Philippe Pétain, preventing France from becoming a formal German ally. The British, however, understood that Vichy was subservient to Nazi Germany and instead supported resistance figures such as Charles de Gaulle. After the war, the choice to back Vichy tainted US–French relations for decades. Our collective memory of World War II as a period of American strength overlooks the desperation and faulty decision making that drove US policy from 1940 to 1943. Tracing the key diplomatic and strategic moves of these formative years, *When France Fell* gives us a more nuanced and complete understanding of the war and of the global position the United States would occupy afterward.
