This is the best study resource to pass the NAPLEX. I purchased the full course (book, lecture videos, and quiz bank through a really good deal with my school). I studied for 4 weeks, first watching the videos and taking notes, reading the chapters, then taking the quizzes and taking notes on the concepts from the quizzes.

I would suggest the Comprehensive Pharmacy Review book instead. RxPrep is very bare

bones in comparison; think of it as a Pharmacy for Dummies in a way. The book barely explains disease states and the mechanism of action of drugs. However, for NAPLEX purposes, it isn't necessary to study that deeply (at least in my case).
