Silencing the Past analyzes the silences in our historical narratives, what is left out and what is recorded, what is remembered and what is forgotten, and what these silences reveal about inequalities of power.

Beacon Press: Silencing the Past

Trouillot's goal in *Silencing the Past* is to find "the many ways in which the production of historical narratives involves the uneven contribution of competing groups and individuals who have unequal access to the means for such production" (p. xix). He argues that by analyzing that power, by making it visible, we can understand how it works in the world.

National Council on Public History | Reflecting on Texts ...

Silencing the Past: Power and the Production of History Michel-Rolph Trouillot Beacon Press March 2015 978-0807080535 At a time when educational "reformers" push to reduce not only the sciences, but also the humanities towards quantifiable, or more accurately testable, quanta of knowledge, the study of historical production is an increasingly important counter-balance to ideological efforts to constrain and sanitize historical knowledge.
