Solutions - Science with Mr. Jones

A solution is a special type of mixture. Solutions  
A solution is a homogeneous mixture that combines a solute and a solvent. A solution involves one substance dissolving in another substance, which is usually a liquid. 11. A solution is a special type of mixture.

Mixtures & Solutions PPT - SlideShare

Science is concerned with understanding how nature and the physical world work. Science is a process by which we try to understand how the natural and physical world works and how it came to be that way. Science actually attempts to disprove ideas (hypotheses). Science is limited strictly to solving problems about the physical and natural world.
