Jan van Eyck's Ghent Altarpiece is on any art historian's list of the ten most important paintings ever made. Often referred to by the subject of its central panel, The Adoration of the Mystic Lamb, it represents the fulcrum between the Middle Ages and the Renaissance. It is also the most frequently stolen artwork of all time. Since its completion in 1432, this twelve-panel oil painting has been looted in three different wars, burned, dismembered, forged, smuggled, illegally sold, censored, hidden, attacked by iconoclasts, hunted by the Nazis and Napoleon, used as a diplomatic tool, ransomed, rescued by Austrian double-agents, and stolen a total of thirteen times. In this fast-paced, real-life thriller, art historian Noah Charney unravels the stories of each of these thefts. In the process, he illuminates the whole fascinating history of art crime, and the psychological, ideological, religious, political, and social motivations that have led many men to covet this one masterpiece above all others.

Jan van Eyck's Ghent Altarpiece is on any art historian's list of the ten most important paintings ever made. It is also the most frequently stolen artwork of all time. Since its completion in 1432, this twelve-panel oil painting has been looted in three different wars, burned, dismembered, forged, smuggled, illegally sold, censored, hidden, attacked by iconoclasts, hunted by the Nazis and Napoleon, used as a diplomatic tool, ransomed, rescued by Austrian double-agents, and stolen a total of thirteen times. In this fast-paced, real-life thriller, art historian Noah Charney unravels the stories of each of these thefts. In the process, he illuminates the whole fascinating history of art crime, and the psychological, ideological, religious, political, and social motivations that have led many men to covet this one masterpiece above all others.

This short e-book, adapted from Noah Charney's book Stealing the Mystic Lamb, tells the dramatic story of the rescue of The Ghent Altarpiece from Nazi pillagers. As the Nazis stormed across Europe during the Second World War, hundreds of thousands of artworks disappeared in their wake. A group of Allied officers set off on the trail of Europe's vanished art treasures—they were known as the Monuments Men. The investigations of the Monuments Men combined old-fashioned detective work, personal bravery, ingenuity, and a dose of good fortune. This is perhaps best exemplified in the story of the race to save the 12,000 stolen masterpieces that were kept in a secret art warehouse hidden deep inside a converted salt mine in the Austrian Alps. There awaited the treasures destined for Hitler's planned "super museum," which would contain every important artwork in the world. The prize of the collection, and the painting most desired by the Nazis, was Jan van Eyck's 1432 masterpiece, The Adoration of the Mystic Lamb, also known as the Ghent Altarpiece. This massive masterpiece is considered the most influential painting ever made, and it is also the most-frequently stolen. This e-book single is adapted from Noah Charney's acclaimed book Stealing the Mystic Lamb: The True Story of the World's Most Coveted Masterpiece. It contains all of the material from that book on the Monuments Men and Nazi art theft during the Second World War, as told through the story of two Monuments Men, Robert Posey and Lincoln Kirstein, as they raced to save the Mystic Lamb and the other works in the salt mine from an SS officer who was determined to destroy all 12,000 masterpieces.

A Kirkus Reviews' Best of 2011 Fiction and a Library Journal Best Mystery of 2011 What happens when you mix a Parisian street orphan, a hot-tempered Spanish forger, a beautiful American pickpocket, an unloved wife, and one priceless painting? The charming Eduardo de Valfierno makes a very respectable living in Argentina fleeing the nouveau rich—they pay him to steal valuable pieces of art, and Valfierno sells them flawless forgeries instead. But when Eduardo meets the beautiful Mrs. Hart on his latest con, he takes a risk that forces him back to the city he loved and left behind—Paris. There he assembles his team of con artists for their final and most ambitious theft, one that will enable them to leave the game forever: The Mona Lisa. But when a member of the team turns up missing, and Mr. Hart shows up in Paris, Valfierno and his crew must stay one step ahead of a relentless police inspector, endure a devastating flood, and conquer their own doubts to keep the priceless painting in play—and survive. Based on the actual theft of the Mona Lisa from the Louvre in 1911, and published on the 100th anniversary of the crime, Stealing Mona Lisa is a sophisticated, engaging caper, complete with a richly imagined group of con artists and a historical mystery that will keep you guessing until the very end. Stealing Mona Lisa is a Kirkus Reviews Best of 2011 Mysteries title. One of Library Journal's Best Mystery Books of 2011

In the wake of the thefts of three priceless art treasures from Rome, Paris, and London, art detective Gabriel Coffin and art historian Genevieve Delacloche team up to investigate a series of false leads, forgeries, and bizarre clues. A first novel. Reprint.

Leonardo da Vinci's portrait, called the Mona Lisa, is without doubt the world's most famous painting. It achieved its fame not only because it is a remarkable example of Renaissance portraiture, created by an acclaimed artistic and scientific genius, but because of its criminal history. The Mona Lisa (also called La Gioconda or La Joconde) was stolen on 21 August 1911 by an Italian, Vincenzo Peruggia. Peruggia was under the mistaken impression that the Mona Lisa had been stolen from Italy during the Napoleonic era, and he wished to take back for Italy one of his country's greatest treasures. His successful theft of the painting from the Louvre, the farcical manhunt that followed, and Peruggia's subsequent trial in Florence were highly publicized, sparking the attention of the international media, and catapulting an already admired painting into stratospheric heights of fame. This book tells the art and criminal history of the Mona Lisa. This extended essay in book form, prepared to coincide with the 100th anniversary of the 1911 theft, examines the criminal biography of Leonardo's Mona Lisa, with a focus on separating fact from fiction in the story of what is not only the most famous art heist in history, but which is the single most famous theft of all time. In the process this book also tells of Leonardo's creation of the Mona Lisa, discusses why it is so famous, and investigates two other events in its history of theft and renown. First, it examines the so-called "affaire des statues", in which Pablo Picasso and Guillaume Apollinaire were arrested under suspicion of involvement in the theft of the Mona Lisa. Second, there has long been a question as to whether the Nazis stole the Mona Lisa during the Second World War—a question that this book seeks to resolve. This book provides a strong introduction to the Mona Lisa and the thefts surrounding it. "Noah Charney is the Sherlock Holmes of art theft. Beyond his great sleuthing prowess, he writes with the simple grace of a novelist and the erudition of a scholar. Here his subject could be no more dramatic: the impossible-but-true story of the most famous of all paintings, the Mona Lisa. It is a tale that bounces along, implicating the likes of Apollinaire, Picasso, the Nazis, and Nat King Cole. It is easy to pick up and very hard to put down." —Mark Lamster, author of Master of Shadows: the Secret Diplomatic Career of the Painter Peter Paul Rubens "Deftly written and riveting to read." —Sidney Kirkpatrick, author of Hitler's Holy Relics "Few writers have brought the issue of art theft to the fore with the fervor of Noah Charney. With The Thefts of the Mona Lisa: On Stealing the World's Most Famous Painting, Charney has created a work that is equal parts lucid art history and thrilling true crime. Both the popular myths and the hidden truths surrounding the theft and recovery of Leonardo's seminal work provide art theft investigators and museum security directors with important lessons for solving—and preventing—art crime today." —Anthony Amore, art theft and security expert and author of Stealing Rembrandts: The Untold Stories of Notorious Art Heists All profits from the sale of the print edition of this book support the charitable activities of ARCA, the Association for Research into Crimes against Art, an international non-profit research group on art crime and cultural heritage protection.

The story begins, as stories do in all good thrillers, with a botched robbery and a police chase. Eight Apuleian vases of the fourth century B.C. are discovered in the swimming pool of a German-based art smuggler. More valuable than the recovery of the vases, however, is the discovery of the smuggler's card index detailing his deals and dealers. It reveals the existence of a web of tombaroli—tomb raiders—who steal classical artifacts, and a network of dealers and smugglers who spirit them out of Italy and into the hands of wealthy collectors and museums. Peter Watson, a former investigative journalist for the London Sunday Times and author of two previous exposés of art world scandals, names the key figures in this network that has depleted Europe's classical artifacts. Among the loot are the irreplaceable and highly collectable vases of Euphronius, the equivalent in their field of the sculpture of Bernini or the painting of Michelangelo. The narrative leads to the doors of some major institutions: Sotheby's, the Getty Museum in L.A., the Museum of Fine Arts in Boston, and the Metropolitan Museum of Art in New York among them. Filled with great characters and human drama, The Medici Conspiracy authoritatively exposes another shameful round in one of the oldest games in the world: theft, smuggling and duplicitous dealing, all in the name of art.

Through the use of case examples and careful examination, this book presents the first interdisciplinary essay collection on the study of art crime, and its effect on all aspects of the art world. Contributors discuss art crime subcategories, including vandalism, iconoclasm, forgery, fraud, peace-time theft, war looting, archaeological looting, smuggling, submarine looting, and ransom. The contributors offer insightful analyses coupled with specific practical suggestions to implement in the future to prevent and address art crime. This work is of critical importance to anyone involved in the art world, its trade, study, and security. Art crime has received relatively little attention from those who study art to those who prosecute crimes. Indeed, the general public is not well-aware of the various forms of art crime and its impact on society at large, to say nothing of museums, history, and cultural affairs. And yet it involves a multi-billion dollar legitimate industry, with a conservatively-estimated \$6 billion annual criminal profit. Information about and analysis of art crime is critical to the wide variety of fields involved in the art trade and art preservation, from museums to academia, from auction houses to galleries, from insurance to art law, from policing to security. Since the Second World War, art crime has evolved from a relatively innocuous crime, into the third highest-grossing annual criminal trade worldwide, run primarily by organized crime syndicates, and therefore funding their other enterprises, from the drug and arms trades to terrorism. It is no longer merely the art that is at stake.

Since the Second World War, art crime has shifted from a relatively innocuous, often ideological crime, into a major international problem, considered by some to be the third-highest grossing criminal trade worldwide. This rich volume features essays on art crime by the most respected and knowledgeable experts in this interdisciplinary subject.

Looks at the life of Dutch painter Hans Van Meegeren, who emerges as an ingenious, dyed-in-the-wool crook who plied the forger's trade far longer than he ever admitted in a detailed story of deceit in the art world.
