What's the point of a solutions manual without all the solutions? It does have problems worked out for many of the numerical/calculation-based problems, but not all of them. Further, it doesn't provide answers for open-ended

File Type PDF Student Solutions Manual For

questions (e.g. "what are the assumptions for the student's t-test?"), which makes it a less-than-helpful study aid. This book is definitely not worth the price.
