The seclusion of the harem was no barrier to those who had the contacts and the ability to influence others, and many of these women were masters at the game of power. The increasing importance of royal princesses was also vital in the Empire's history, and the choice of husbands for these princesses meant that the damad ("son-in-law")

important tasks that the emperor needed to do was to ensure the continuation of the dynasty, which was achieved by the production of a male heir. For this purpose, the emperors of Imperial China kept an enormous harem of women. There was a hierarchy in the emperor ' s harem, and whilst the exact classes changed over the
