Stanley lays out seven essentials to an abundant life—the life of purpose that God planned specifically for you. "You are not here by accident... You are here to accomplish a job that God assigned to you from eternity past." If you settle for less than God's best in your life, the world will lose your contribution, and you will miss the exhilaration of reaching your full potential. "It is an awesome, eye-opening, and inspiring thing to catch a glimpse of how God is working in your life—weaving together who He made you to be with those things He has prepared you to do and experience." Chapter by chapter, Dr. Stanley makes the biblical path to fulfilling your God-given potential clear, practical, and inspiring. Follow it to experience the joy, peace, and love that your heavenly Father has waiting for you. Read these pages, embrace these principles, and enjoy every moment of life at its best.

The Jefferson Bible, or *The Life and Morals of Jesus of Nazareth* as it is formally titled, was a book constructed by Thomas Jefferson in the

latter years of his life by cutting and pasting numerous sections from various Bibles as extractions of the doctrine of Jesus. Jefferson's composition excluded sections of the New Testament containing supernatural aspects as well as perceived misinterpretations he believed had been added by the Four Evangelists. In 1895, the Smithsonian Institution under the leadership of librarian Cyrus Adler purchased the original Jefferson Bible from Jefferson's great-granddaughter Carolina Randolph for \$400. A conservation effort commencing in 2009, in partnership with the museum's Political History department, allowed for a public unveiling in an exhibit open from November 11, 2011, through May 28, 2012, at the National Museum of American History.

"Jesus of Nazareth, a Biography, by John Mark," recognizes the author of the second Gospel as that "John, whose surname was Mark" (Acts 15:37), whom Barnabas chose as companion when he sailed for Cyprus on his second missionary journey. In making use of the new title, the plan of the Editor is to present "The Gospel: According to Mark" as it would be printed were it written in the twentieth rather than the first century. Mark's Gospel has been chosen for this purpose to make available in more readable form this timely portion of the Bible. In John Mark the missionary is revealed a man of action. This characteristic influences strongly the point of view and style of his writing. As John, the beloved disciple, in "The Revelation" beholds the victorious Christ as "the Lion of the tribe of Judah," foretold by the prophets, so Mark sees Jesus of Nazareth as the strong, vigorous man of action; he writes of His mighty works in swift narrative at times so vivid it flashes like a burst of flame, as though the facts presented must have been on fire in the heart of the author. Written for the practical, energetic Roman, the Editor feels that this biography of Jesus of Nazareth exactly fits the mood of our own time, with its emphasis upon the practical and its insistence that the man of action, the doer, is the man for the hour. Printed like a modern book, but in the fine old King James' version, it is believed that all Bible lovers will welcome their old friend, "The Gospel: According to Mark," in its new literary dress; it is hoped, too, that in this popular form book buyers and lovers of good literature may be led to purchase a book which needs only to be thoroughly and thoughtfully read to be greatly revered.

The Bible's story of creation in Genesis names Adam as the first human in history. His story with Eve in the Garden of Eden is widely known—but what if he actually played a larger part in the story of humanity? In The Gospel of Adam, David L. Bishop takes well-known stories and characters from history and presents them through the eyes of Adam, as though he were living throughout all time on a mission to restore fallen humanity to a place worthy of returning to perfection. Following Adam through his profound interactions with Noah, King

David, Jesus of Nazareth, and even Adolf Hitler, this book shows how Adam struggles not only with his mission to help humanity but also his own internal doubts as a man of faith. In the vein of works like The Da Vinci Code and The Last Templar, Bishop's The Gospel of Adam weaves history, philosophy, religion, and politics throughout a thought-provoking first-person narrative that both challenges and inspires the reader to consider what it really means to be human.
