This book is a lively exploration of the amazing revelation known to Mormons as the "Word of Wisdom." It counsels us how and what we should eat to reach our highest potential, both physically and spiritually. New and surprising insights are presented through the perspective of what has been proven to be the healthiest human diet, a way of eating supported both by history and by science: a whole food, plant-based (WFPB) diet. WFPB vegetarian diets have been scientifically proven to both prevent and cure chronic disease, help you achieve your maximum physical potential, and make it easy to reach and maintain your ideal weight. In this book, you'll find the stories of dozens of people who are enjoying the blessings of following a Word of Wisdom diet, and you'll get concrete advice on how to get started! You will discover: What we should and should not eat to enjoy maximum physical health. How food is intimately connected to our spiritual well being. Why Latter-day Saints are succumbing to the same chronic diseases as the rest of the population, despite not smoking, drinking, or doing drugs. How the Word of Wisdom was designed specifically for our day. How you can receive the "hidden treasures" and other blessings promised in the Word of Wisdom. Why eating the foods God has ordained for our use is better not just for our bodies, but for the animals and for the earth. You may think you know what the Word of Wisdom says, but you'll be amazed at what you have missed. Learn why Mormons all over the world are "waking up" to the Word of Wisdom!

"One Last Word is the work of a master poet." --Kwame Alexander, Newbery Medal-winning author of The Crossover From the New York Times bestselling and Coretta Scott King award-winning author Nikki Grimes comes an emotional, special new collection of poetry inspired by the Harlem Renaissance--paired with full-color, original art from today's most exciting African-American illustrators. Inspired by the writers of the Harlem Renaissance, bestselling author Nikki Grimes uses "The Golden Shovel" poetic method to create wholly original poems based on the works of master poets like Langston Hughes, Georgia Douglas Johnson, Jean Toomer, and others who enriched history during this era. Each poem is paired with one-of-a-kind art from today's most exciting African American illustrators--including Pat Cummings, Brian Pinkney, Sean Qualls, James Ransome, Javaka Steptoe, and many more--to create an emotional and thought-provoking book with timely themes for today's readers. A foreword, an introduction to the history of the Harlem Renaissance, author's note, poet biographies, and index makes this not only a book to cherish, but a wonderful resource and reference as well. Ancient tradition suggests that this world-weary lament is the work of Solomon in old age. Casting its eye over the transient nature of life, the book questions the striving for wisdom and the truth, choosing instead to espouse the value of living for the moment. The text is introduced by Doris Lessing.
