Speaking at a 1913 National Geographic Society gala, Hiram Bingham III, the American explorer celebrated for finding the "lost city" of the Andes two years earlier, suggested that Machu Picchu "is an awful name, but it is well worth remembering." Millions of travelers have since followed Bingham's advice. When Bingham first encountered Machu Picchu, the site was an obscure ruin. Now designated a UNESCO World Heritage Site, Machu Picchu is the focus of Peru's tourism economy. Mark Rice's history of Machu Picchu in the twentieth century—from its "discovery" to today's travel boom—reveals how Machu Picchu was transformed into both a global travel destination and a powerful symbol of the Peruvian nation. Rice shows how the growth of tourism at Machu Picchu swayed Peruvian leaders to celebrate Andean culture as compatible with their vision of a modernizing nation. Encompassing debates about nationalism, Indigenous peoples' experiences, and cultural policy—as well as development and globalization—the book explores the contradictions and ironies of Machu Picchu's transformation. On a broader level, it calls attention to the importance of tourism in the creation of national identity in Peru and Latin America as a whole.

The Cape Town Commitment, which arose from The Third Lausanne Congress on World Evangelization (Cape Town, 2010), stands in the historic line of The Lausanne Covenant (1974) and The Manila Manifesto (1989). It has been translated into twenty-five languages and has commanded wide acceptance around the world. The Commitment is set in two parts. Part 1 is a Confession of Faith, crafted in the language of covenantal love. Part 2 is a Call to Action. The local church, mission agencies, special-interest groups, and Christians in the professions are all urged to find their place in its outworking. This annotated bibliography of The Cape Town Commitment, arranged by topic, has been compiled by specialists in a range of fields. As such, it is the first bibliography of its kind. Arranged in sections for graduate-level teaching Equally useful for research students

A woman called Patience. A desire that would put her name-and love-to the test. Known for her exceptional beauty, Patience Emmalina Dare fears she'll never find a man who touches her deeply-until she shares a passionate kiss with her enigmatic brother-in-law. But can she reconcile her desire for him with her desire for a life that's her own?

Young widow Passion Dare thought she'd never love again. But a handsome earl has been pursuing her—and after a lifetime of propriety, Passion ponders throwing caution to the wind. After several heady encounters, the pair must face blackmail, learn a shocking truth-and choose between duty and desire.

An introduction to critical pedagogy for all those working within higher education. Critical Pedagogy is an approach that is fundamentally democratic, informal, non-hierarchical, determined by participants, privileges the oppressed and their perspectives and is committed to action. Higher education (HE), conversely, is often un-democratic, formal, hierarchical, determined by tutors and national bodies, re-inscribes existing privileges and is distant from lived experience. The book starts from the premise that critical pedagogies are possible in HE, while recognising the tensions to be ameliorated in trying to enact them. It re-examines the concept and explores its practical application at an institutional level, within the curriculum, within assessment, through learning and teaching and in the spaces in-between. The Critical Practice in Higher Education series provides a scholarly and practical entry point for academics into key areas of higher education practice. Each book in the series explores an individual topic in depth, providing an overview in relation to current thinking and practice, informed by recent research. The series will be of interest to those engaged in the study of higher education, those involved in leading learning and teaching or working in academic development, and individuals seeking to explore particular topics of professional interest. Through critical engagement, this series aims to promote an expanded notion of being an academic - connecting research, teaching, scholarship, community engagement and leadership - while developing confidence and authority.

Engine-tuning expert A. Graham Bell steers you through the various modifications that can be made to coax maximum useable power output and mechanical reliability from your two-stroke. Fully revised with the latest information on all areas of engine operation, from air and fuel, through carburation, ignition, cylinders, porting, reed and rotary valves, and exhaust systems to cooling and lubrication, dyno tuning and gearing.

This book highlights the emerging research and policy development efforts to address child and adolescent behavioral health in Sub-Saharan Africa, where mental health policy is at an early stage and in need of context-specific attention to its successes and shortcomings. A diverse range of researchers, with expertise on relevant policy in both the region as a whole and country-specific contexts, including Ghana, Kenya, Nigeria, Rwanda, South Africa, and Uganda, outline theoretically informed, culturally appropriate, evidence-based, and youth- and family-focused service models. The first work of its kind with an exclusive focus on the understudied region of Sub-Saharan Africa, this text: Provides an overview of the current state of child and adolescent behavioral health in the region Evaluates empirical work on risk and protective factors influencing behavioral outcomes Highlights emerging intervention research and dialogue on what works to improve child and adolescent behavioral health Offers insight and strategies on how to advance child and adolescent behavioral health in policy, research, and practice Child Behavioral Health in Sub-Saharan Africa: Towards Evidence Generation and Policy Development is a unique reference that offers guidance for current and future policy-makers, researchers, practitioners, and students as they seek to invest and engage in the healthy development of a future generation.
